

## EMAMI LIKELY TO START GUWAHATI PLANT IN OCT

Kolkata, 1 February: City-based FMCG firm Emami is expecting to commission its Guwahati plant in October this year.

“We are expecting to commission the Guwahati plant this October. This will be a mega plant which will manufacture personal care products,” Emami CEO Naresh Bhansali said here.

The plant would be built at a cost of Rs 200 crore, he told reporters, adding it is part of capacity expansion plans.

About the performance of the brand's products during the last few quarters, Mr Bhansali said Emami had been able to post a good growth despite facing challenges in Nepal and Russia markets.
