

ED quizzes Rahul Gandhi in National Herald case

Top Cong leaders march in solidarity; BJP says oppn party backing corruption

PRESS TRUST OF INDIA
New Delhi, 13 June

Congress leader Rahul Gandhi was questioned by the Enforcement Directorate (ED) on Monday in a money-laundering probe linked to the *National Herald* newspaper after the BJP reached the agency's headquarters here accompanied by a battery of party leaders and supporters.

Congress leader Rahul Gandhi leaves for ED office, amid protests by party workers, after being summoned for questioning in the National Herald case in New Delhi on Monday.

Asserting that the show of strength by the Congress was aimed at putting pressure on the ED, the BJP attacked the opposition party, saying its leaders had hit the streets in support of corruption and to protect the alleged assets worth ₹2,000 crore of the Gandhi family.

Gandhi, who entered the headquarters of the federal agency in central Delhi around 11.10 am, was put to questioning about 20 minutes later after he finished some brief legal proceedings and marked his attendance.

and former Union finance minister P Chidambaram. Priyanka Gandhi sat with Rahul Gandhi in a vehicle as the convoy of seven SUVs, escorted by armed CRPF personnel, entered the ED office on Raju Abdul Kalam Road. Rahul Gandhi, 51, is a 2+ category protectee of the CRPF after the Union government withdrew the Gandhi family's SPG cover in 2019.

The investigating officer of the case, an assistant director-rank officer of the ED, is understood to have put possible questions about the incorporation of Young Indian company, the operations of the *National Herald*, the loan given by the Congress party to AJL and the funds of the journalists and staffers who worked there.

The probe pertains to alleged financial irregularities in the party-promoted Young Indian that owns the *National Herald* newspaper. The *National Herald* is published by the Associated Journals (AJL) and owned by Young Indian.

The Congress will fight this oppression by the government," India's Youth Congress President Siddhant Varma said. "Noting that nobody is above the law, not even Rahul Gandhi," Union Minister Smriti Irani claimed that never before such a blatant attempt was made by a political family to hold a probe agency to ransom and asked that it has been done to protect the "ill-gotten" assets of the family.

The Congress said in a press conference in the morning that the 1937-established AJL faced huge debts and the party, during 2002-11, gave ₹90 crore to the newspaper to pay the salaries of the journalists and staffers who worked there.

The former Congress president first left for the ED office from the Congress headquarters on Akbar Road in the morning and was accompanied by party leaders, including Priyanka Gandhi Vadra, Rajasthan Chief Minister Ashok Gehlot, Chhattisgarh Chief Minister Bhupesh Patel

had moved up to ₹20,500 crore, or ₹50 crore per match.

Thanks to all the action on Monday, the per-match value at the IPL now stands at \$13.78 million (₹107.5 crore), behind America's National Football League, which costs \$17 million (₹133.6 crore) per match. The Premier League (English football league) has a per-match value of \$11 million (₹85.8 crore). The rights value of Package C, said exports, is likely to touch \$1,900 crore, after bidding begins on Tuesday.

By Monday, the auction for the TV rights wound up in an hour after bidding began in the morning, with an incremental bid put in at just ₹50 lakh. This took the total value of the TV rights to ₹23,575 crore, or ₹575 crore per match. The digital rights, meanwhile, saw a rebound on Monday, after closing on Sunday at ₹45 per match, or ₹19,650 crore in terms of total value. At the end of the rebid, the digital rights value

would add around ₹3,500 crore, taking the total media rights value to over ₹47,000 crore.

Foreign portfolio investors continue their selling spree and sold shares worth \$4,164 crore on Monday, provisional data from the exchanges showed. The S&P 500 slipped more than 20 per cent below its January record and was down more than 3 per cent as of 9 pm IST. The Dow Jones Industrial Average and the tech-heavy Nasdaq fell about 2 per cent and 3.5 per cent, respectively. European shares fell to their lowest in more than three months on Monday.

The US 10-year bond yield stood at 3.2 per cent, the highest since November 2018. At the same time, the India 10-year government securities yield was at 7.6 per cent, the highest since January 2019.

The US inflation data released last week dashed hopes of inflation 'peaking' and made investors price in more aggressive monetary tightening by the Federal Reserve. The US consumer price index rose to 8.5 per cent in May, the highest since December 1981. The US Fed, which will meet on June 14 and 15, is expected to raise interest rates by 50 basis points. However, the inflation data led to speculation that the Fed's central bank may consider a 75-basis point hike sometime in the future. "Many people are talking about a 75-basis point hike, even a 100-basis point hike. The markets are worried about how aggressive the Fed will be," said Andrew Holland, CEO, Aventus Capital Advisors Strategist, Saurabh Mukherjee, founder of Marjess Investment Managers, said Indian equities were unlikely to come out of the bearish phase till the inflationary outlook improved in the US or corporate results in India were decisively better.

by the Centre earlier did play out to a certain extent to lower inflation. This will also help in the coming months. Food inflation was high with edible oils, spices, and vegetables pushing it up. There is unlikely to be respite anytime soon on these items," said Madan Sabnavis, chief economist at Bank of Baroda. Sunil Kumar Sinha, principal economist with India Ratings, said the impact of excise duty reductions on prices would be felt much faster than the RBI's rate cut would be, but we are unlikely to see a price relief only in June and thereafter both through direct and indirect channels.

Last week, the six-member Monetary Policy Committee unanimously voted to increase the benchmark policy rate by 50 basis points, thereby taking the repo rate to 4.90 per cent. While the real GDP growth forecast for FY23 has been retained at 7.2 per cent, the inflation projection for the year has been increased to 6.7 per cent. The MPC noted inflation was likely to remain above the upper tolerance threshold of 6 per cent through the first three quarters of FY23.

However, the biggest indicator that inflationary pressures will persist is that crude oil prices continue to be elevated. The Indian crude oil basket, despite having a greater share of Russian supplies, has touched a 10-year high at a barrel. Globally, benchmark crude oil was still above \$115 a barrel, with many expecting sustained levels of \$110 plus in the months to come.

This week, the US Federal Reserve is expected to hike rates and amplify tightening by central banks around the world. According to the May CPI data, the rates of price rise for all and core continued to be in double-digit territory at 13.26 per cent, because India's imported oil needs are mostly incurring. Vegetable inflation was nearly 18 per cent, a segment which has been the most in the most inflation in eggs and pulses and products came down, at -1.6 per cent and -0.6 per cent, respectively. Meat and fish inflation was at 8.23 per cent while that for fuel and light was almost at 10 per cent.
