

A SNAPCHAT WITH SONAKSHI

ON HER LATEST FILM **TEVAR**

It's a very real character caught up in a beautiful and endearing love story. It's about two strangers on the run who end up finding love in each other. I've known Arjun (Kapoor, who she stars with in *Tevar*) since we were in school, but we were never really friends. I'm getting to know him better as a person and actor on the sets and he's great in both departments.

ON HER NEXT RELEASE **HOLIDAY**

This is my fifth film (after *Roudy Rathore*, *Joker*, *Once Upon a Time in Mumbai Dobaara* and *Boss*) with Akshay (Kumar). Once a pair is accepted and loved by the audience I guess that's why it is repeated as well. Of course, the comfort level does add to the on-screen chemistry, but that's not the only reason to sign a film. Akshay is one of my most professional and fun co-stars, so it's always great to work with him. I respect him tremendously.

ON THE CHOICES SHE'S MADE SO FAR

Couldn't be happier. Every film, every person you work with teaches you something. You even learn from your mistakes. I've been someone who wasn't trained to get into acting, so this is my learning ground. So, I stand by every choice I have made so far and it's been an eventful and exciting journey so far.

ON DOING ANOTHER **LOOTERA**

I would love to, but a film like *Lootera* is a rare gem. I'm waiting for that one feeling I got when I heard *Lootera* while I hear scripts today. Nothing so far. But you'll know when it happens!

ON HER SKINCARE REGIMEN

I'm fortunate because good skin is in my genes, but that doesn't mean I take it for granted. Keeping hydrated by drinking lots of water is very important to keep the skin supple and moist. Then a daily routine of cleansing-toning-moisturising is also very important.

ON SKINCARE FOR SUMMER

Never leave the house without a good sunblock. It saves the skin from the harsh rays of the sun. As for hair, the best thing to do would be to wash it with a mild shampoo every alternate day.

ON HER SUMMER DAY AND NIGHT LOOKS

In the day, I prefer minimal and light make-up. Prefer to keep it more natural. For the night, depending on the occasion I like to take it up a notch. I love kohl-lined and smoky eyes.

ON BEING THE FACE OF EMAMI BOROPLUS FACE WASH

I can strongly identify with the BoroPlus brand ethos of giving protection naturally. I am really excited to be associated with BoroPlus, an iconic brand which has a legacy of offering natural skincare. Skin is exposed to pollution everywhere and the toll it takes on skin is terrible. I am a firm believer in BoroPlus Anti Pollution

Face Wash because it has the goodness of natural products. Its green tea-grape combination offers a perfect recipe for deep cleansing in minutes.
