to keep it interesting? I don't go overboard with clothes and hair styling, I like to keep it comfortable yet stylish. But I am particular about other things like the fragrance I wear. I also keep my style interesting by accessorising my clothing.

Now that the monsoons are here, is there a special skin and hair care regimen that order to do that, I continuously evolve and take roles that are different and challenging. That brings out the best in me and I think that's what interests the audience.

If you are asked to describe your time in Bollywood in one sentence, what would it be? Jeena yahaan, marna yahaan, iske siwaa jaana kahaan!
